RYAN ENLISTS AID OF ALBANY'S STUDENTS IN BATTLE AGAINST POLIO

With the Albany March of Dimes appeal entering its second year, Dr. Paul C. Bryan, superintendent of schools, today stressed the importance of school participation in the current battle against polio.

In past campaigns children have been leaders in giving. This year, with so many school students in California stricken with polio during the worst epidemic in the history of the nation, they are looking to them to establish a new record," Bryan stated.

He stated that in all Albany schools students have received, or will receive within the next few weeks, colorful red, white and blue cards for "easy" March of Dimes giving. These will be distributed through classroom teachers and may be filled with as many as five dimes and returned to school collection by campaign officials. Children will receive lapel buttons when they return their cards.

Bryan urged parents to help their children make their polio donations, "a successful March of Dimes is the only insurance any of our children have against dread polio."

At the Villa, Albany chairman of the March of Dimes, said letters from him have been mailed to all business establishments in the city urging them to contribute to the battle against polio.

Alameda County headquarters in San Francisco has also sent coin cards to all residents of the county. Villa said all who have received these cards should send in their contributions as promptly as possible.

Brought to the city in bank and car, civic-minded women are urged to make large collection contributions to receive additional contributions from shoppers and business. These women are volunteering their time and effort in an effort to drive to meet the greatly increased needs incurred from last year's polio epidemic which struck 6,000 Californians.

At the point out that a portion of the money raised during the campaign is used for education and research into the causes and cure of infantile paralysis. "Until these research projects are brought to a successful conclusion, none of us can be safe from this dread disease," Villa said.

Party to Honor Cornell School Traffic Patrol

In appreciation of the many hours of faithful service in guarding the school crossings, the girls of the Traffic Squad of Cornell School will be entertained at a party and "Spaghetti Feed" Thursday evening, Jan. 20, at the home of Mrs. Stanley Williams, 1200 E. 1st St.

Eight Enrollees Bring Pre-School To Full Capacity

Eight new youngsters are now attending the Albany Pre-School. This again giving the group a capacity enrollment of 50 children. Recent enrollees include Sandra Packard, Diane Bunker, Cookie Kerr, Alice Shaw, Sandra Thomas, Susan Schoder, Gary Scott, and Drew Tracy.

The Pre-School Mothers Club welcomes the mothers of these children as new members in their organization. They are Mesdames John Packard, M. Bunker, William Kerr, Charles Shaw, William Thomas, Harold Schoder, William Scott, and Joseph Tracy.

Any Albany resident is eligible to apply for enrollment in the organization. The Albany pre-school accepts children from 2-4 1/2 years old. Since accommodations are limited, it is advisable to place names on the waiting list a year in advance. Mrs. Nell Curran is the pre-school director, and is assisted by Mrs. Alice Hoffinger.

A family reunion was held recently when F. R. Gordon of 1443 Washington Ave. had his sister and her husband, Mr. and Mrs. R. H. Kurpius, and his brother, Mr. and Mrs. Fred Kurpius, visit him from their home in Hat, Alberta, Canada, by train.

Rotarians Make Seventh Annual Visit to Reno

Approximately 20 members of the Albany Rotary Club were among 175 East Bay Rotarians who made the seventh annual Fellowship Trek to Reno last Sunday and Monday for a meeting with Rotarians of the "Biggest Little City in the World."

President George Bernard worked with Committee Chairman Cliff Radston of Berkeley to make all arrangements for the special train and accommodations while at Reno.

At a business meeting on Monday morning, the Rotarians heard Capt. Jackson Tate, commander of the U. S. Naval Air Station, Alameda, as the principal speaker. He gave the group some of his impressions of the Russian people gained while in Moscow with the U. S. Legation during the war.

Other business of the meeting included presentation by the visitors of a donation for Reno Youth Clubs.

Bruce Zimmerman has been appointed program chairman for the next local Rotary meeting to be held in the Veterans' Memorial Building on Jan. 24.

Zimmerman has chosen as his speaker, Harvey Lyon, owner of a bay area van and storage concern. Lyon is past district governor of the second district. At the time of his governorship this district was the largest in the Rotary organization and included California, Nevada and Hawaii.

Lyon, who presented the Albany Club with their charter in 1929, will speak on "The Human Side of Storage."

A review of the Reno trip will be given for those who were unable to attend.

School Board Asks Bids On AHS Pool

A call for bids for construction of the swimming pool at Albany High School was authorized by the Board of Education at an adjourned meeting held on Tuesday evening, Jan. 18. Bids will be opened at the Board meeting of Feb. 23.

The pool, which will be 100 ft. by 40 ft., will be enclosed. It is being constructed as part of the building program approved by residents of Albany in the School Bond Campaign of October, 1946.

The school administration plans to use the pool as a classroom in which physical education classes will be regularly scheduled. In addition, the pool will be open for use by elementary school children and adults when it is not being used by the high school.

Construction on the pool will, if a favorable bid is submitted, start in March and be completed some time late in 1949.

At this same meeting, the Board appointed Miss Joyce Ferguson and Miss Roberta Conrad as elementary school teachers. Miss Ferguson will be at Colcordes and Miss Conrad at Cornell. Both teachers have been appointed to care for the increased enrollment expected next month with the opening of the new semester.

Niels Knudsen, who has had considerable experience in nurseries, was appointed as assistant gardener.

The Board also authorized landscaping the banks in the rear of the Vista School with trailing honeysuckle.

Calendar Sales Aid E.B. Children's Hosp. Building, Care Fund

For more than 25 years, Children's Hospital of the East Bay members have been turning calendars into bricks!

Oldest fund raising project carried on by the hospital branches in Alameda and Contra Costa counties is the annual sale of week-at-a-glance calendar-memo pads. The proceeds have helped with building of the hospital as well as providing funds for care of youngsters.

For the first time since before the war, a limited number of the fine quality, gilt-edged pads, covered in blue and decorated with the hospital symbol, "The Bambino," are being offered to the public.

They are priced at one dollar (\$1.10 by mail) and may be ordered from the following hospital members in Albany: Mrs. Joseph Villa, 1280 Brighton Ave., LAnd. 5-1771; Mrs. George McDermott, 1277 Washington Ave., LAnd. 5-6171; Mrs. Martin Griffin, 940 Stannage Ave., LAnd. 5-4749.

Security Savings and Loan Association Had Record Year in 1948

Several records of performance were broken in 1948 by the Security Savings and Loan Association, of Richmond and Albany, according to W. J. Bowman, president.

Assets reached a new high of \$3,160,000.00 on Dec. 31, the amount of money advanced during 1948 for the buying and building of new homes was \$1,300,000.00, largest amount in the association's history, and the net inflow of money from the community's savers and investors during the year reached nearly \$1,000,000.00 for the first time.

There were 790 more savings accounts opened during 1948, and the association distributed dividends at 3 per cent per annum to 1673 persons for the last six months of the year. The net gain in savings of the public for the year was narrowed by the payment of withdrawals in the amount of \$860,000 to those who were ready to use the savings they had accumulated during the war days when purchasable items were scarce. Down payments on new homes were among the principal reasons for withdrawal of funds in the association, and represent one of the primary objectives of a family's saving program, Bowman pointed out.

Marine Night Scheduled by Albany Legion

By WALTER HOLLAND

Friday evening, Jan. 21, will be Marine Night at Albany Post 292, American Legion in the Memorial Building. The show will begin at 8 p. m. with the Mighty Marine Players, a dramatic club made up entirely of Marine veterans of Albany Post making their first appearance in an epic of the South Sea Islands, a mystery drama entitled "The Tale of the Two Too Enchanted Islands" from the book by Joe Olsen, chairman of the Marine Night.

Dramatic director Art Carlson will whip the Marines into shape to put on this heart rending play of the war days in the South Pacific. The cast includes Don Karns, William H. Jones, Dewey DuFrane, Rush Thomas, Godfrey Peterson, Robert Inman, H. L. Honness, Dr. Wayne Clark, Edward Etting, Will C. Hayes, Westley Merritt, Melvin Meyers, John C. Price, George Shay, William Such, George Wilson and William Spear. The Marines needed color and characters from other service veterans to fill out the cast so they drafted or dragged in Joe Dagna Jr., from the Navy, Richard McAllister from the Sea Bees, E. C. Schroeder from the Coast Guard and Edward Coulson from the Air Force.

Says Carlson, "This dramatic endeavor will be something never before attempted in Albany Post. The principal characters in the play have been drilled to the point of exhaustion to reach perfection. On behalf of the Mighty Marine Players, they being amateurs, some spots in the show will not click as expected. The Marines ask the audience to be indulgent and throw no green groceries or products from the poultry stores. As you know, some of the costumes used in this production are priceless pieces and souvenirs picked up by the actors in the South Pacific."

Joe Olsen has arranged to have pictures of the Tournament of Roses Parade and the Rose Bowl game to freshen up the air after the play.

The last word on Marine Night comes from Olson, "Every Marine veteran of Albany Post has a duty to perform, to get support from other Marines. Every Marine veteran and every Marine serviceman is invited to be the guests of the post Marine veterans, regardless of their affiliations with veterans organizations and groups."

Legion Aux. Has Farewell Tea For Mrs. Lindh

The banquet hall of the Veterans' Memorial Building was the setting Saturday afternoon, Jan. 8, for a farewell tea given in honor of Mrs. Zella T. Lindh, retiring secretary of Albany Unit 292, American Legion Auxiliary.

Besides the large, beautifully appointed table, small tables with lovely candle and flower arrangements had been placed throughout the hall.

Among the 100 or more guests who attended to bid farewell to the honoree and to wish her much happiness in her new home in Boston were several members of other units in the 10th District who had served as officers at the same time Mrs. Lindh served the District as secretary.

Hostesses for the affair were Miss Marjorie Stott and Mesdames Margaret Hanahan, Jean Wollaston, Agnes High, Edith Jones, Josephine Foley and Ruth Dugan. At a meeting of the Unit held Monday evening, Jan. 10, Mrs. Hazel McDuffee was unanimously elected to succeed Mrs. Lindh as secretary.

A course in income tax law is scheduled to open at the Albany High School on Thursday, Feb. 3, and will terminate on Feb. 24. Classes will be held on four successive Thursday evenings, from 7:30 to 10. This is the second such course offered during the current winter quarter, with Stanley R. Kendall, a practicing attorney, as the instructor.

The course will cover current changes in income tax law that have gone into effect, items of income deductions, and actual preparation of income tax returns in class. The course is especially designed to help the wage earner, the small businessman, and the person with rental property.

Council May Separate City Department From School Board

The fate of Albany's combined city and school Recreation Department hangs in the balance today as City Councilmen await "a definite yes or no" from the Board of Education on the appointment of Emmett Devine as Superintendent of Recreation.

Acting on the recommendation of the Park Planning and Zoning Commission, the Council on Nov. 15, 1948, appointed Devine to succeed Edwin S. Howell. The Board, however, has refused to accept Devine since he does not fulfill qualifications set down by the Board in a letter to the Council on Nov. 12.

Meeting with representatives of the Board on Wednesday night, Council members asked for a definite decision on the matter since the Council desires to appoint an assistant to Devine.

Should the Board fail to recognize Devine it is expected the Council will divorce the city recreation system from that of the schools with Devine as superintendent and the office of assistant abandoned.

Mrs. Delsa Walton, president of the Board of Education reiterated the requirements "considered desirable" for the post. They include graduation from college supplemented by one year of graduate work in recreational education, physical education or sociology and three years of supervisory experience in public recreation.

Mrs. Walton promised action on the Council's request as soon as Dr. Robert G. Larsen, vice-president of the Board, returns from the east. He is expected back "around the end of the week."

The meeting Wednesday night was requested by the Council in their regular session on Monday night.

Other Monday night Council business included a report from City Engineer E. A. Tarr that gutters on the east side of Key Route Blvd. in the 800 and 900 blocks were soon to be filled.

An Open Letter

On January 17, 1949 following the Albany City Council meeting I was standing in the front office of the Albany City Hall discussing with a group of interested citizens the \$525,000 school bond issue of 1946.

Since the Albany Board of Education announced in the daily press its intention to call for bids for an "inclosed" swimming pool and forego much needed school building facilities,—it had promised Albany's taxpayers,—I visited the school superintendent's office last Friday to ascertain how much bond issue money had been expended to date. It's "progress" report follows:

- \$127,000 for MacGregor School
- 142,400 for Vista School
- 18,200 for High school rooms reconstructed and equipped
- 2,100 for High school play area
- 44,700 for swimming pool property building—site acquired
- 144,144 for Unit "A" at Cornell School.

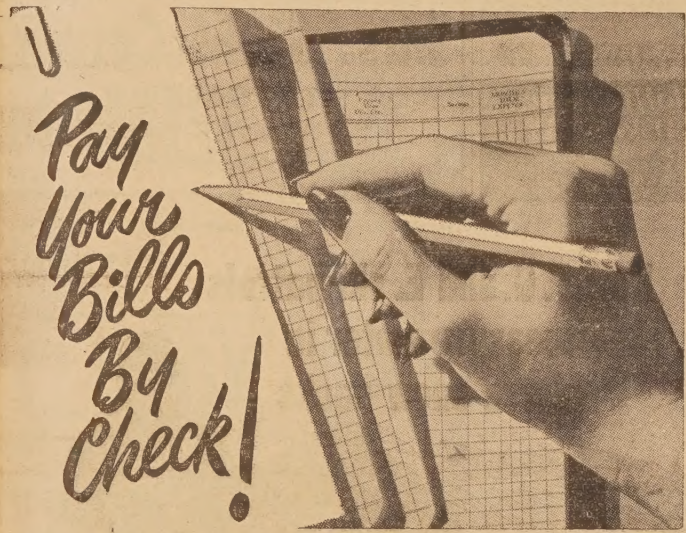

Exactly \$46,456 is left in the fund.—It is most interesting to note that the Board of Education also announced that NO FUNDS were available for the construction of Unit "B" at Cornell School, which originally was proposed to ease the strain on Marin School. Also NO FUNDS were available for the High School music rooms as originally proposed in the 1946 school bond issue.

I commented to the group of Albany citizens that since only \$46,456 was now left from the \$525,000 bond issue money, where WOULD THE MONEY COME FROM TO BUILD AN "INCLOSED" SWIMMING POOL? I further explained that I had rather a difficult time receiving all this information from the superintendent's office, that I had to make two trips and was informed that special permission had to be given by Mr. Paul C. Bryan in order that I may be permitted to read a letter mailed to the Albany Board of Education from Architect Paul Dragon in reference to the future swimming pool.

At this point Councilman Graeber, who had been standing nearby shouted; Sister, you are sticking your nose here in Albany into too many things for your own good. You just watch and see". He concluded saying: "Get out of here and stay out." Prime purpose of this open letter to the citizens of Albany is to inform our public officials that as a taxpayer of this community I deem it my right and duty to find out where our tax and bond money goes. I AM NOT AFRAID; AND NO THREAT OF ANY KIND WILL STOP ME TO DO WHATEVER I THINK IS RIGHT.

How P. G. and E. ski patrols measure water in sierra snow packs

The frozen white Sierra holds the secret of how much water and hydro-electric power California will have in the rainless summer months ahead... and P. G. and E. snow surveyors know how to dig out the answer. They ski up to 20 miles a day, "measuring" the snow every 50 feet. The findings are studied by our hydro-engineers, who can then determine—within 10%—exactly how much water will be available after the spring thaw. First step is to plunge a 20-foot aluminum tube like this deep down into the snow pack.

Weighing the sample comes next. The amount of water varies with the density of the snow... and heavy, hard-packed snow stores up a greater volume of water than loosely-packed drifts.

This giant reservoir saves the precious water as snow melts. And then it's released as needed, creating more power for California homes and businesses and more water for farm irrigation.

For the record

By 1951, Northern and Central California will use twice the power it needed before the war.

To meet this growing demand, P. G. and E. already has added nearly 500,000 new electrical horsepower... and we are building nearly 1,500,000 more!

Work never stops on our power-building program

Governor Earl Warren, State Chairman of the March of Dimes, opens the campaign in the fight against infantile paralysis by greeting George Mandich, 18, (left) former Roseville High and Placer Junior College football star, and Warren Danhouser, 12, Sacramento, (right). California had nearly 5,000 more cases of the dread disease in 1948 than in 1947. Young Danhouser is improving due to treatment furnished by the National Foundation for Infantile Paralysis through funds raised in the March of Dimes drive, while Mandich, still confined to a wheel chair, is able to move one of his legs.

Chevrolet's 'Balanced Design' Adds Beauty and Comfort

Progressive streamlining of the 1949 Chevrolet is in emphasis in this view of the Styleline De Luxe four-door sedan against a new Martin 202 passenger airplane. Notable in the roomier, lower cars is a balance in design that adds greater comfort and driving ease as well as smart appearance.

In Memory
 Of Herbert C. Hunter, who passed
 on Jan. 25, 1937.

Some may think you are forgotten.
 Though on earth you are no more.
 But in memory you are with us;
 As you always were before.

Gussie Hunter Drew,
 and son, Jack C. Hunter.

**Stage Shows at
 Albany Theater
 Offer Variety**

The good old days of vaudeville
 that supposedly went out with the
 nickel cigar are springing into ex-
 istence again right here in Albany
 as the Albany Theater continues
 a weekly series of "Television Try-
 outs."

Each Wednesday talent from
 points as far away as Reno, So-
 nomia, San Jose and San Francisco
 appears on the stage of the Albany
 to give their original interpreta-
 tions to song, dance or instrumen-
 tal numbers. Music lovers will
 find their favorite composers rep-
 resented on most any of the week-
 ly programs with offerings ranging
 from Brahms to Be-Bop.

All talent appearing on Tele-
 vision Tryouts are carefully screen-
 ed at auditions previous to the Wed-
 nesday night programs to assure
 that only the best in amateur en-
 tertainment shall reach the finals
 on the stage.

Each week the show runs for
 about one hour, presenting approx-
 imately eight acts of varied per-
 formers. Audiences have been hear-
 ing all types of musical instruments
 from drums to banjos to wash-

boards. There are dancers, clever
 mimics, magicians and many other
 fine acts, all in an increasingly
 higher caliber of entertainment.
 Manager William Garren and Di-
 rector Scotty Weston spend many
 hours each week scouting the field
 far and wide to keep a full bill of
 top notch entertainers ready to
 please patrons of the Albany
 Theater. Garren is especially in-
 terested in auditioning local per-
 sons with talent.

CHEVROLET
 is the only car bringing
 you all these fine-car
 advantages at lowest cost!

YOU'LL PREFER ITS "LUXURY LOOK!"

Chevrolet's new Leader-Line Styling is lower, wider,
 racier . . . with new Dyna-Cool radiator grille, Single-
 Shove front and rear fender treatment, and flush-as-a-
 rocket lines all around . . . by far the most beautiful
 development of the new "functional form" for motor cars.

MORE BEAUTIFUL FROM EVERY ANGLE!

The new Beauty-Leader Bodies by Fisher (with push-
 button door operators outside) are true masterpieces by
 the master builder of fine coachcraft . . . with superi-
 or lines, extra-fine upholstery and a wide variety of alluring
 colors . . . much more beautiful from every angle—inside
 and outside—front, side and rear.

MORE ROOM AT EVERY POINT!

The new Super-Size Interiors
 featuring extra-wide "Five-
 Foot Seats," give you plenty of
 head, leg and elbowroom as
 well as extraordinary seating
 space for six full-grown passen-
 gers; and you'll also notice that
 the giant rear deck "hats what
 amounts to "trunk room" in
 capacity.

SEE ALL! ENJOY ALL!

New Panoramic Visibility, with
 wider curved windshield, three-
 tier windshield pillars, and 3x5
 more window area all-round,
 permits you to see all and enjoy
 all, and to travel in maximum
 safety.

THESE ARE CARS THAT "BREATHE!"

Yes, you'll enjoy the additional pleasure of riding in a
 "car that breathes," for a completely effective heating
 and ventilating system supplies warm air in every nook
 and corner of the interior—excludes stale air—and keeps
 glass clear in all weather. "Heater and defroster" units
 optional at extra cost.

THE NEW RIDE'S A REVELATION!

A vastly improved Unitized Knee-Action Ride, combined
 with new direct-acting air-line type shock absorbers, front
 and rear, and extra low pressure tires, gives the stability,
 smoothness and road-safety you have always wanted.

**THERE'S ONLY ONE
 WORLD'S CHAMPION ENGINE**

You get the finer results of Chevrolet's sturdy Valve-In-
 Head Thrift-Master engine in all Chevrolet models . . .
 together with all of Chevrolet's money-saving economy
 of operation and upkeep . . . and this is the world's
 champion engine for miles served, owners satisfied, and
 years tested and proved.

JUST COUNT THE COMFORTS!

Push-Button Starter for sim-
 plest, easiest starting; Hand-E-
 Gearshift with Synchro-Mesh
 Transmission for maximum
 shifting ease; and Firm Founda-
 tion Box-Girder Frame for ride-
 stability and road-sureness
 unsurpassed in the Chevrolet
 price range.

STOP MORE SWIFTLY AND SAFELY!

The new Carli-Safe Hydraulic Brakes give even faster
 stops with safety . . . and assure the highest degree of
 effective braking action for you and your family.

YOU'LL SAVE MORE MONEY, TOO!

This new Chevrolet is designed, engineered and built to
 speed your miles and spare your pocketbook, for it
 brings you all these and many other important improve-
 ments at the lowest price—and with extraordinary
 economy of operation and upkeep.

Plus NEW CENTER-POINT DESIGN!

A remarkable 4-way engineering advance exclusive to
 Chevrolet in its field, and consisting of Center-Point
 Steering-Center-Point Skidding-Lower Center of
 Gravity and Center-Point Rear Suspension gives the
 new Chevrolet riding and driving results without prece-
 dent or parallel in low-cost motoring. That means a new
 kind of riding ease and a new kind of driving ease
 heretofore reserved for owners of more expensive cars.
 Permanent-only new Center-Point Design can give
 you all these finer motoring results; and only the new
 Chevrolet brings you Center-Point Design at lowest cost!
